

>B< Push - a compact and easy to use push-fit fitting suitable for use with multiple pipes.

Features and Benefits:

- One fitting fits all - connects multiple tubes including copper, stainless steel, PE-X and PB
- Available in sizes 15 - 28mm.
- Conforms to normal operating parameters for metallic tubes: Working temperatures between 30°C - 95°C (16 bar at 30°C and 6 bar at 95°C).
- Compact, slimline and stylish design.
- High grade EPDM O-ring and stainless steel grip ring.
- Quick and easy to use flame free installation.
- Patented design.
- Suitable for hot and cold drinking water and heating applications.
- Manufactured from low lead precision machined, corrosion resistant material.
- Specially designed and manufactured using low lead DZR materials.
- Suitable for multiple tubes and applications.
- Fully demountable and rotatable for ease of use and installation.
- Fitting can be reused and recycled at the end of life.
- Maintains electrical continuity on metallic pipe systems.
